INTRODUCTION

Last year, Richmond Council held a series of Community Conversations for every ward in the Borough to discuss the future of their local high street. The conversations gave residents the opportunity to talk about what they like about their high streets and to share their vision and ideas for the future. The overwhelming piece of feedback was that residents love their local independent shops and want to see more of them in their area.

Shopping locally is a way to create a unique neighbourhood.

There are so many benefits from shopping on your local high street, such as building relationships within the community and helping support the local economy while creating a more vibrant and unified neighbourhood.

When buying from business owners you trust, shopping experiences become more enjoyable because you know where the product is coming from, and you know the people behind it. Many of those goods and services are sourced and crafted locally as well. This means that many of the pieces are one of a kind and carry a unique story.

Everything has a story to tell – help tell that story

Visiting local shops and choosing to spend locally gives you the opportunity to network and get to know your neighbours. Making connections with people and businesses helps boost your high street through word of mouth and creates the unified community we all benefit from.

Shopping locally benefits the economy

You have the power to make sure your local businesses not only survive, but thrive.

INTRODUCTION

Choosing to spend locally also allows money to be put back into the local economy, which means you are helping support investment in your local community. Thriving businesses in your area will find ways to give back, such as through sponsorships and local events.

Shop Local online

There are many artisans and entrepreneurs in the Richmond upon Thames who rely on local business to keep going and this can extend online. Many local businesses have websites; simple changes in online shopping habits can make all the difference to the shops on your high street.

Shopping locally also means enjoying, sharing information and supporting small businesses in your area. Sharing your recent treasures and finds on social media, using the hashtag #RichmondShopsLocal connects you with other lovers of local businesses and helps grow the community surrounding this movement.

The perfect way to get to know people and discover new places you love

Making a point of shopping locally and showing your support throughout the year will transform your community. Instead of waiting until Small Business Saturday to stop by a local business, go today to uncover your new favourite places across our borough.

We hope you find this directory useful and that it will help you discover independent and green businesses all over the borough.

Councillor Phil Giesler

Business and Growth Lead Member

NOTE: If you know of a business that should be included in this directory please email josephine.cachia@richmondandwandsworth.gov.uk and we will include it in future editions.

GREEN BUSINESSES

GREEN BUSINESSES

Green-Mopeds

Mopeds & Motorcycles • **The Yard, Broad Street, Teddington, TW11 8QZ** • **0333 050 2570** www.green-mopeds.com

London based 100% electric motorcycle and moped dealer and importer whose mission is to bring the latest environmentally friendly mopeds, motorcycles and road-legal scooters to the UK hence helping in reducing the environmental impact of vehicles.

With a huge drive to reduce emissions and protect the environment with figures that suggest petrol based motorbikes, scooters and mopeds emit up to 70% of CO2 that cars do, 2 wheeled transport is definitely an area where a positive environmental impact can be made.

Toast

Clothing & Homeware • **2 Paved Court, Richmond TW9 1LZ** • **0208 605 3790** www.toa.st

Creating top quality, timeless design items made to last. Through conscious consumption, reselling and the repair workshops (Sashiko, the ancient and highly intricate Japanese method of patching and mending), Toast is striving for their garments never to end up in a landfill. 85% of Toast fabrics and yarns are of natural fibres and biodegradable.

Indigo Flow method- the cleanest and most sustainable of indigo dyeing currently available. This method achieves up to 70% reduction in water use, better dye penetration and ensures clean water at the end of the process that is fit for reuse.

Keeping **carbon footprint low** - purposely choosing locally sourced materials near the manufacturers. Packaging is fully recyclable.

The Source Bulk Foods

Supermarket • 16 The Quadrant, Richmond TW9 1BP 020 8948 0585

www.thesourcebulkfoods.co.uk

This local health foods store is plastic-free, zero waste and offers a wide range of groceries as well as household items. Whether you are a foodie or looking to reduce the waste in your everyday life, here you can find the finest quality produce, sourced locally.

All packaging is plastic-free, but you can bring your own containers to refill too. Their mission is to help the UK to shop healthily and fight against waste.

Dilli Grey

Women's fashion & Home • 23 Barnes High Street, SW13 9LW

0773 716 4083 www.dilligrey.com

The winner of the 2019 'BEST ETHICAL BRAND' in the Good Web Guide awards.

For each product purchased a tree is planted on the behalf of the customer. Dilli Grey has been working with an external, independent carbon-emissions agency to become a 100% carbon-neutral company in the future.

They are great at upcycling antique textiles and minimising the wastage created in manufacturing process. Their paper bags and tickets are made of remnants from the fabric industry and are completely tree-free.

The company has reduced plastic consumption by approximately 90%. All items are shipped in cloth bags.

Caroline Bloomfield

Women's fashion & antique furniture • 16 Barnes High Street, SW13 9LF • 0771 006 1381

www.carolinebloomfield.co.uk

With a wide range of high quality recycled clothes, antique furniture, and household goods there is a strong emphasis on natural products and sustainability. Caroline Bloomfield is challenging the massive worldwide environmental threat of discarded goods. The constant theme with all products is a strong environmental awareness, recycled materials, and natural products with an absence of manmade materials.

Caroline Bloomfield's own designs are made from antique recycled fabrics, hand knitted 100% wool products and a carefully selected collection of high-quality clothing. Other natural products include a large range of sheepskin rugs, slippers, cushions, woollen blankets and bed linen, supplemented by natural cleaning products and wooden cleaning materials.

The Refill Larder

Supermarket • 18 High Street, Teddington TW11 8EW • 0208 973 0600 www.refill-larder.co.uk

Plastic-free, refill options in the local area awarded as the first 'coastal plastic-free town' by Surfers Against Sewage organic food shop where customers bring their own containers to fill. Food is ethically sourced and trusted with long standing cooperatives as well as smaller individual suppliers for everyday essentials such as nuts, rice, herbs and spices as well as oils, chocolates and plastic-free snacks. The aim is to minimise waste both in the supply chain and for the consumer.

There is a large selection of household items that are compostable or biodegradable which make for good alternatives to plastic in the home. Examples include everything from beeswax wraps and reusable water bottles to hand made shampoo bars and toothpaste tablets.

GREEN BUSINESSES

The Bio-D Company

www.biod.co.uk

Offers a range of cruelty free, vegan, environmentally friendly cleaning products.

Bio-D use natural, plant-based ingredients that are ethically sourced and naturally derived to produce everyday cleaning products that are effective and safe for people as well as the environment.

Bottles across the range are made from **100% recycled** material from your recycling bins across the UK. The company has a very good waste management and a closed loop packaging/the circular economy.

There is a range of concentrates which is reducing water usage required in production.

All products are made right here in the UK at the Hull factory. There is a complete traceability on all the ingredients to know they are ethically and sustainably sourced. Additionally, the company **supports other organisations** -focussing on environmental issues and improving lives in the communities. Bio-D are now a Gold Partner to the Yorkshire Wildlife Trust

The list of stockists:

Wholefoods 1-3 George Street, Richmond, TW9 1AB www.wholefoodsmarket.com

GREEN BUSINESSES

Immortal Botanica

Florist and Stylist • 141 Stanley Road, Teddington TW11 8UF • 07813 320673 www.cassandraking.co.uk

New brand, offering beautiful everlasting florals that never die. Fearless and beautiful designs of artificial, silk or dried flowers in a style that is bold and unique.

Cassandra, the owner and stylist, will ask you not to throw your flowers away if you are having a revamp. The brilliance of artificial and dried plants is that they can always be reused, designs can be reconfigured and restyled. Part of Cassandra's mission is to show you how. Failing that, she encourages to resell, donate, or check out some of the design ideas offered on her blog and YouTube channel and gift them on.

The '**flower hospital**' service is offered in the event you need help cleaning your old flowers or restyling them in another way.

Most flowers at the Immortal Botanica are **biodegradable** and not Immortal as such - but by following the care steps, they will easily last a year at the very minimum.

EnGrain

Health Food and Beauty Products • 24 Barnes High Street, SW13 9LW • 0744 406 8110

Started by sisters Bushra and Rumina, Engrain is the first zero waste shop in Barnes. It is a pigeonhole unit consisting of EcoWalls, shelving, the wooden reclaimed flooring and timber fixturing - all sustainable. There is a striking number of dispensers featuring an outstanding selection of products. From grains, pastas, fancy oils, pulses and nuts to condiments, delicious sweets and everything in between. Engrain offers one of the widest ranges of products we have seen. All these are in reusable bottles on the three-tiered shop fixtures. This really is about shoppers bringing their own containers and zero waste is put first throughout.
